

Denali TruOrganics® Composite Post and Rail Kit

Cali Decking Rail & Posts Systems

Finish off your Cali Decking with color-matched rail and post systems, made of the same sturdy, eco-friendly wood composite material. Railings and posts are made to be stylish, durable, and easy to install with a universal design that works on all decking types. Keep your new favorite outdoor hangout spot safe and up to code with a rail system that does those planks proud.
