

Glacier TruOrganics® Square Edge Composite Decking

Gleaming in polar majesty, Glacier TruOrganics® Composite Decking recalls an open, empty tundra, hushed by snow and Arctic serenity. Cool frost-gray planks provide the perfect escape for stillness, reflection, and a return to wonder. Regardless of everything else going on indoors, that refuge will always be there -- waiting, welcoming, and ready to renew your calm as you drift into your #DeckLife.

The Most Realistic Wood Decking Available

- **The Most Authentic Hardwood Textures** - Realistic grain patterns without the splinters
- **Low-Gloss Matte Surface** - Enabling more natural, modern designs
- **Solid Construction** - Heavy-duty planks, ideal for trim and stair nosings
- **Full Wrap Shield** - A four-sided ProFormance360™ wrap guards against wear and tear
- **Ultra-Low Maintenance** - Weather & stain resistant with no painting, sealing, or sanding required
- **100% Recycled Materials** - Made of 60% reclaimed wood fiber, 40% recycled HDPE plastic
- **25-Year Residential Warranty** - Quality guaranteed

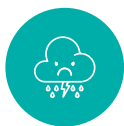

Model #:	7509006000
Deck Type:	Composite
Core:	Wood Plastic Composite
Color:	Glacier
Plank Length:	16 feet
Plank Width:	5-7/16 inches
Plank Thickness:	7/8 inch
LFT./Box:	32 LFT.
Sqft./Box:	14.48 sqft.
Surface:	Wood Grain / Flat
Edge Milling:	Square
Hardness:	3364psi (flexural strength ASTM D7032)
Maximum Joist Span:	16 inches on center
Minimum End to End Gap:	1/16 inch per 20°
LEED Points:	MRc4 , EQc4.4
Installation:	Residential, Commercial
