

Premium+ Cork Underlayment

Model: 1102002300

107.25 sqft/roll - 40in. x 33ft. x 2.5mm

Ultimate Underlayment:

- Increases comfort
- Thermal insulator
- Reduces step and impact noise

Cork Material:

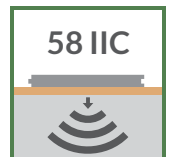

- Thermal insulator
- Naturally resistant to mold & mildew
- Eco-friendly alternative to poly foams

Superior Installation:

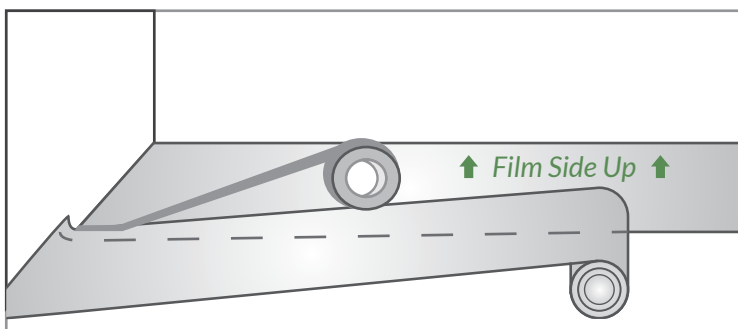

- Quick and easy to install
- Helps level minor subfloor defects

Wave Texture:

The wave texture allows for increased air flow for the subfloor, resulting in extra protection against mold, mildew and microbial growth on the subfloor.

Installation Instructions

Step 1 - Roll Out Underlayment

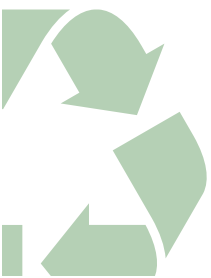

Unroll the underlayment along the starting wall with the **film side facing up** and the film overlay up against the wall. Flatten the film overlay and tape flat with 2" packing tape.

Step 2 - Overlap Next Sheets

Lay the next sheet so that it covers the previous sheet with the film overlap.

Step 3 - Tape & Seal

Using 2" packing tape, secure and seal the film overlap. Repeat steps 2 & 3 until subfloor is completely covered by underlayment.
